

## Donna Gibb captures significant events on canvas, which in turn, becomes a lifelong memory.

She engages celebrities and guests to add their own personal touch to her paintings, bringing joy to so many through the aesthetic and participatory expression of art. In 2010, Donna has painted at events such as the Magic Millions Horse Sales; The Melbourne Truck Show, and QBE Riverfire. Donna has also painted live on television with celebrity hosts on Channel Seven's "Sunrise", "Sportsworld", Melbourne Cup Spring Carnival, and Channel Nine's "Today Show", and their recent telecast of "Riverfire", along with Sky Channel's hosts on "Off the Rails."

Add to that, commissions by Tourism Queensland and Hamilton Island to capture "The Best Job in the World" campaign; Mark Kavanagh, trainer of Melbourne cup winner "Shocking"; former Test Cricketer Andy Bichel; along with other corporate and private commissions, and it's easy to understand why Donna is one of the most in-demand artists in Australia.

Through her body of work, Donna has raised nearly \$1 million dollars for charity, with her works fetching up to \$30,000 each at charity auctions. Donna's paintings are only available through commission or at an auction event, and are not exhibited in any gallery, which adds to the exclusivity of her work.

## Donna can be your “Artist in Residence for the day” in your own Marquee or Corporate Box

Donna invites guests in the Marquee to also add to the canvas, helping to create a very special memento of their Sporting hospitality.

The same clients are often invited to many different events. Donna provides a point of difference, through interactive entertainment for your clients. Giving them a positive creative experience they will remember. Not only capturing the atmosphere of the day, but also their goodwill!

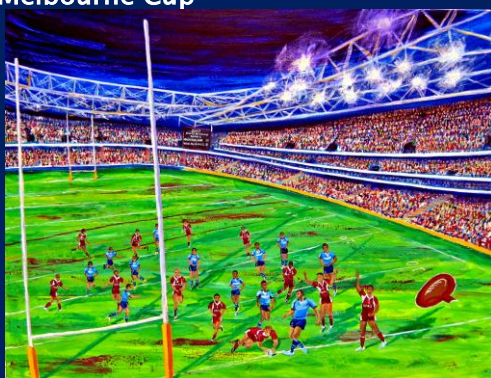

Extensive research is undertaken to insure an authentic representation in the artwork, capturing a significant moment in the particular event which is being painted.

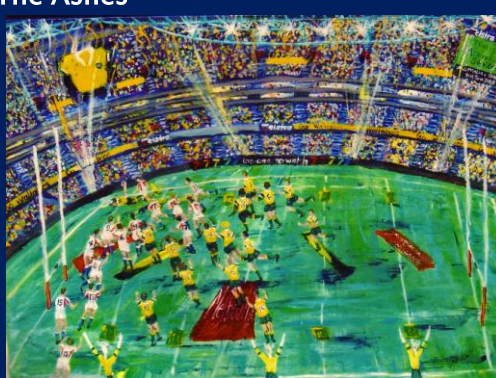

Melbourne Cup

The Ashes

State of Origin

World Cup Rugby

There is nothing better than capturing the atmosphere of an event “live” on canvas.

Your guests get to paint in the action as well!

Postcards and prints can be produced as corporate gifts.

### How does it work?

Donna sets up her easel and canvas in the Marquee/hospitality area. Throughout the day, clients are invited to add to the canvas. They sign the back of the canvas. The end result is a painting which becomes a significant piece of sporting memorabilia.

### Added Benefits

Once the painting has been created, the image can be used on Postcards, Mouse mats, Coasters, prints, wine bottle Labels etc.

### Trade Shows and Exhibitions

If you are after a new dynamic idea to draw people to your stand at your next trade Show, this is it!

Donna offers you a point of difference.

People are drawn to your stand and invited to paint on the canvas. This also is a unique way of engaging your guests and giving them a hands on explanation of your brand.

Donna can design the artwork to carry the message you want to deliver. Right on the canvas, which your guests help create.

This was very popular earlier this year at the Melbourne Truck Show, where Donna painted for Western Star Trucks and Man Automotive Imports.

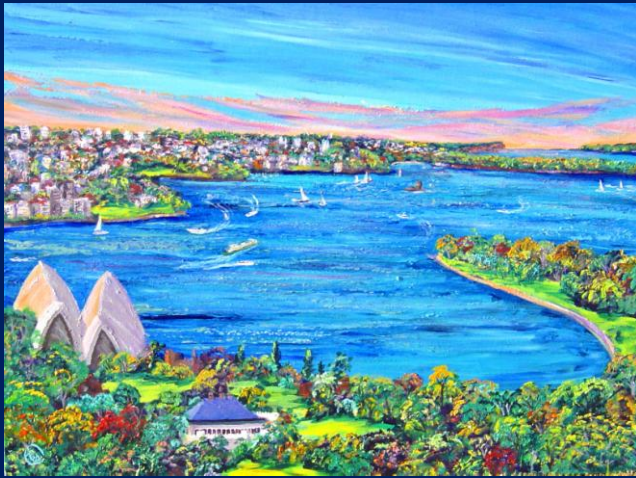

Western Star trucks also commissioned Donna to paint the "Pink Truck" which was a special order from Gavin Transport. Prints of the truck were sold and auctioned at the truck show where proceeds of \$24,000.00 was raised for the McGrath Foundation.

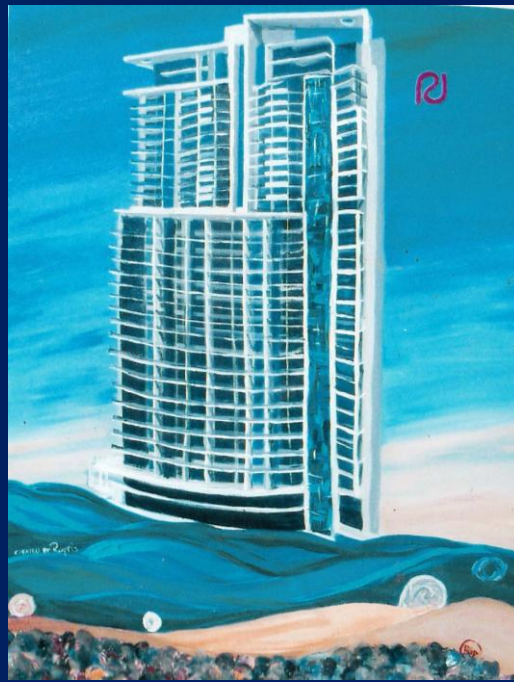

## Have Donna paint at your next Project Launch or Hand- over

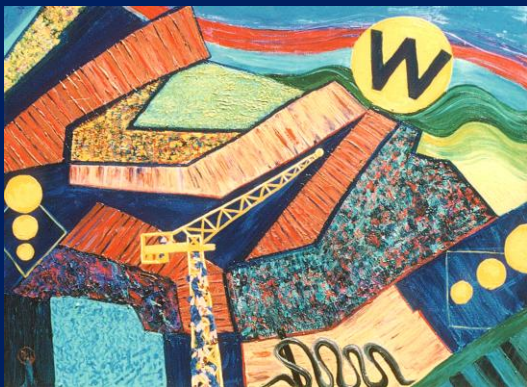

Donna can create your project in Canvas. Your guests are invited to add to the canvas, giving them an up close and informative view of your project. Donna re-creates the integral elements of your design into the painting. The art work can be a contemporary representation of your building, or a true to life version of your plans. This gives your guests an added dimension to experiencing your new venture. Because the guests have added to the canvas, they have some component of ownership of the painting, and therefore have fondness of your Brand.

Apartment showing, Sydney

"Artique" building launch

Brisbane magistrate's Court Opening

Queensland Rail Tilt Train Launch
